field manual Ferrocement  
Tank Construction'*

**'Presentation for safegard  
septic tank SlideShare  
June 27th, 2018 - The  
septic tank is basically a  
watertight underground tank  
the purpose of which is the  
collection storage and to  
some extent treatment of  
sewage effluents Septic  
tanks are usually made of  
concrete or masonry with an  
inlet and outlet pipe  
Wastewater flows from the  
home to the septic tank  
through the sewer pipe The  
septic tank treats the'**
