airliners by airline summarizes airline accidents and all kinds of incidents major or minor by airline company with flight number location date aircraft type and cause'

'The Rudder Story The Boeing 737 Technical Site

June 22nd, 2018 - The Rudder Story The safety record of the 737 has been exemplary with less than 120 hull losses in almost 40 years However two mysterious accidents that were possibly rudder related in

the early 1990 s brought the design into sharp focus which resulted in a huge redesign amp retrofit program which will not end until late 2008'
